DETAILED ACTION

Election/Restrictions

1. Claims 1-10, 23-33, 36, and 48 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention.

Claim Objections

2. Claims 11, 20, and 42 objected to because of the following informalities:
claim 11, line 1, before “device” insert --remains--;
claim 20, line 1, after “box-urn” insert --for storing remains--; and
claim 42, line 2, after “box-urn” insert --for storing remains--.
Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. Claims 15, 17, 20-22, 39, 41-47 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. Regarding claim 15, it is unclear if the screws are referencing the previously recited “sealed” condition of claim 11, line 10 (see spec, page 5, lines 13-16 of paragraph [44]).
5. Regarding claim 17, it is unclear if the tongue and groove joints are referencing the previously recited mortise and tenon joints of claim 11.
6. Regarding claim 20, the phrase “permanently sealed vents” is contradictory and unclear with respect to the required/implied structure. Further, claim 20 is incomplete for omitting the essential and cooperating walls providing the mortise and tenon joints.
7. Regarding claim 22, the method claim fails to include a method step.

Art Unit: 3677

8. Regarding claim 39, it is unclear if the screws are referencing the previously recited “sealed” condition of claim 37, line 12 (see spec, page 5, lines 13-16 of paragraph [44]).

9. Regarding claim 41, it is unclear if the cremains container is referencing the previously recited wooden-box urn of claim 37. Further, it is unclear how claim 41 further limits claim 37.

10. Regarding claim 42, the phrase “permanently sealed vents” is contradictory and unclear with respect to the required/implied structure. Further, claim 42 is incomplete for omitting the essential and cooperating walls providing the mortise and tenon joints

11. Regarding claim 47, it is unclear if the cremains container is referencing the previously recited wooden-box urn of claim 42. Further, it is unclear how claim 47 further limits claim 42.

Allowable Subject Matter

12. Claims 11-14, 16, 19, 34, 35, 37, 38, 40, and 49 are allowed.

13. Claims 20 and 42 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

14. Claims 15, 17, 21, 22, 39, 41, and 43-47 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

15. As a matter of information, claims 11, 20, 37, and 42 are in independent form. Regarding claims 11, 20, and 42, correction of the above presented claim objections is required to clearly limit the environment of the invention to cremated remains (cremains). Moreover, claims 11, 20, and 42 have been examined and allowed as being limited to a cremated remains (cremains) container and/or method of using a cremated remains (cremains) container. Claim 37 is currently clearly limited to the cremated remains (cremains) environment.

Response to Arguments
